

# 2010 World Expo - Shanghai

Shanghai World Expo is now open! Visit the Jiangsu Pavilion for a prelude into the region's marvelous achievements.

## Beautiful Jiangsu, Wonderful Home

The Jiangsu pavilion creates a virtual garden through many high-tech means. The exterior consists of two LED screens, showing Jiangsu's openness and vitality. Main exhibition items such as Spring Flowers and Autumn Fruits, Internet of Things, Seven-colored Spectrum and Beautiful Jiangsu fully reveal Jiangsu's long history and profound culture. The development achievements of the hightech industry represented by the Internet of things, photovoltaic and biological medicine display the essence of an ideal garden.

June 13-17 will be Jiangsu week in Expo, an array of events and per-

formances will take the stage and feature Jiangsu's finest. A series of folk art performances, parades and crafts unique to Jiangsu will be displayed during the week.

Also, China's Jiangsu Province will spotlight its residents' lifestyles and its recycling at the World Expo 2010.

Jiangsu will also host three forums for the Expo, with topics including the environment and climate, cultural heritage and transport.

In addition, keep your eyes open for Suzhou's case study and other events!
